

ACE Members: How to Manually Post to Your Social Media Sites

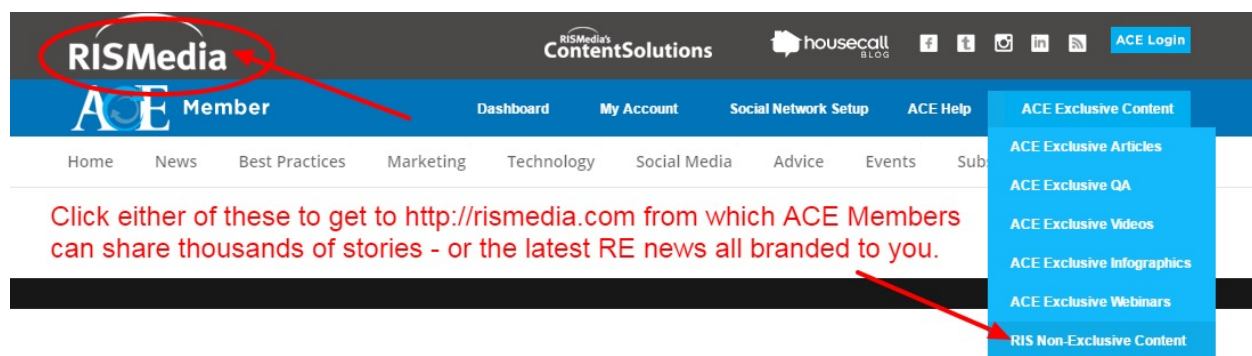

With ACE you can update your social media sites anytime with content

branded to you! As you know, if you have auto-posting "ON" ACE will automatically post to your selected social media site(s) late in the afternoon. If you would like to update your social media accounts more frequently or share a breaking news story from RISMedia you can manually post anytime - and still have the content branded to you! Here's how:

You can manually share from two areas:

1. The ACE Exclusive Content area: While logged into ACE notice the "ACE Exclusive Content" top right, blue menu. That content is exclusive to ACE members only - it will not appear in any other areas of rismedia.com.
2. RISMedia: Or post news from RISMedia, RISMedia has been writing real estate news for over 35 years - it is a great place to go to share the latest real estate news. As an ACE member when you share from RISMedia the content will be branded you!
